Purpose of Contact Soil Water Database Field Filtered Data Availability

Discussion

In response to the field filtered data discussion of November 6, 2003 I provided a table of groundwater and surface water sample numbers where the field filtered indicator is marked as YES for all data pre-October 2001 This table contains the sample numbers that were filtered in the field prior to sample analysis and indicates the results are for dissolved analytes

Note This regulatory contact record is a follow up to my regulatory contact record of 11-6-03
